HUGHES POINTS OUT "TRAITORS"

Sees Those Who Seek Private Gain at Public Expense—U. S. Needs Loyalty—Candidate for Commercial Preparedness Through Protective Tariff.

Portland, Ore., August 16—Charles F. Hughes in an address to the Portland Advertising Club, in which he advocated commercial preparedness for European competition through the agency of a protective tariff, today branded as a traitor to his country the man who sought to build up his private fortune at public expense.

"The man who tries to get the better of the public for his private purpose," the nominee said, "is a traitor to the government. We will go ahead and put these traitors out of business while we build up the business of the United States."

The commercial problems which the country will face after the war, Mr. Hughes said, will be greater than ever before.

Must Save Country

"We must save this country every day. It won't be saved by letting it drift. It won't be saved by taking everything for granted. It industries won't be conserved by indulging in good wishes around the club table. We have got to take account of the lessons learned on the other side and apply them. We have got to consider honest business with the success and pride that it deserves, and we have got to fearlessly condemn abuses."

"We have got the basis for success. What we now need is the motive power of unswerving loyalty and a real consciousness of national unity which will fill us with a dominant sense of patriotic loyalty to the United States."

"With that we want a conception of real government. We want to be well prepared, well organized commercially and industrially. We have got to match organization with organization, preparedness abroad with preparedness at home in all things."

In opening his address, Mr. Hughes declared that, while he was speaking to the Portland Advertising Club, he was a member of the "Republican Advertising Club."

"For the present I am spokesman of that organization," he continued. "It was not ever thus." After the laughter which greeted this remark had subsided the nominee continued:

"A short time ago I was long on silence and short on talks; now I am long on talk and short on silence. The reason is that I was mandamusd in Oregon."

Refers to Oregon's Action

Mr. Hughes' reference to the action of Oregon Republicans in instructing their delegates to the Chicago convention for him was greeted with applause. "I was intent on observing the obvious properties of the position that I held," he said. "It was a place of great distinction and power in which I was content to remain. When suggestions came from Oregon that I should run in your primary, I was very curt in refusing. I had no desire to run; I wanted to remain alone."

"But they reckon ill who leave Oregon out. You listened and did what you pleased, and for the first time in the history of the country a state court mandamusd a federal judge."

In speaking of preparedness, Mr. Hughes said: "I desire to see the United States holding its head erect among the peoples of the earth, not trembling, not blustering, but ready for any emergency. We have in this country opportunities that dazzle the imagination."

These said the nominee, could best be developed under an efficient form of government.

THE SITUATION

TURN ON THE WATER

Since the removal of the watering trough at the corner of Commerce and East Second streets quite a bit of complaint has been registered because the drivers have no place to water their horses. It seems as if the water might be turned on in the fountain. The water now in the fountain is what collected there during the rain yesterday and is an excellent home for mosquitoes. The Board of Health might condemn it as a nuisance or order the water to be turned on. The contents of the basin is as follows: One old shoe, a cord of wood, a bale of loose paper, remains of a cantaloupe feast and an old hat. It should be as a matter of civic pride that the fountain be cleaned out and the water turned on. This would take about fifteen minutes and do a great deal of good.

BRICK STREET NEWS

Preparations were being made this morning on East Second street to do some more bricking. It seems as if the contractors are rather slow in this matter as they have nothing at all to hinder them in the work. They will probably push the work now until they have finished to Poplar street. Excavation has not been carried on this week on account of the wet weather. The south side of the street will be excavated and concreted as far as Union street and then the mixer will be brought to Bridge street again.

Schoolfield and Jones have not done any work this week on bricking upper Sutton. All of the material is on hand, sand for the bed, brick, etc. Yesterday they received two cars of brick which are being unloaded.

ARTHUR IS SOME FARMER

Friday Mr. A. F. Curran sold to J. C. Everett & Co., of Maysville, 400 bushels of wheat at \$1.40 per bushel. This is probably the highest price for wheat ever secured by a local man. The wheat was grown on Mr. Curran's farm near Orangeburg. The tenant on the place sold his share of 400 bushels the day before for \$1.30.—Dover News.

PRAYER MEETING

Regular weekly prayer meeting services at the Third Street M. E. Church this evening 7:30 o'clock will be led by pastor, Rev. J. M. Literal. All are cordially invited to attend this service. A Christian welcome awaits you. The choir will practice immediately following this service.

HEAVY RAINS

The rain which visited Maysville about three o'clock yesterday afternoon was one of the heaviest seen here for some time. The rain extended throughout the county and a bridge on the Forman's Chapel Road near Sardis was washed away. No further damage was done as far as it could be learned.

DEMONSTRATION HELD

The demonstration of the Lungmotor and Pulmotor machines in the office of the Chamber of Commerce yesterday afternoon was attended by a number of the firemen and others. It is probable that one of the machines may be purchased in the near future.

MID-SUMMER SHOOT

Annual Event of Hilltop Gun Club of Bourbon County Held Last Friday—Maysville Man Participates.

The annual mid-summer shoot of the Hilltop Gun Club was held last Friday at the grounds of the club in Bourbon county. Mr. Houston Hall of this city participated in the shoot, and although he did not lead in his event, he shot the high score of 94.

An old fashioned picnic and chicken dinner, which were served by the club, were two of the many features which made the event very attractive as it is every year. About fifty amateurs and professionals were present on the grounds to participate in the events.

Two big events of one hundred birds each were held. The first, a free for all affair was won with a score of 97 out of possible 100 by Mr. R. O. Helkes of Dayton, Ohio.

In the second event, the Kentucky Challenge Cup, Capt. H. T. Strother of Winchester, was the winner with 97. Mr. Ben Goff of Clark county finished second with 96. Mr. Houston Hall of this city was third having a score of 94.

Mr. Strother, the winner of the Kentucky Challenge Cup, is well known in this city, having participated in events here at various times.

COL. BRIDGES SERIOUSLY ILL

The Ledger is in receipt of a message from Ewing, Ky., stating that Mr. S. P. Bridges, so well and favorably known in this city, is in a very serious condition, from Bright's disease. His daughters, Mrs. A. E. Diesem and Mrs. E. S. Cloninger and daughter, Edna, of Columbus, Ohio, are at his bedside.

The Ledger force together with the legion of friends in this section regret such an unfavorable report, but trust an improvement will be shown in his condition shortly.

"The Home of QUALITY Clothes"

There Was a Time When a Man Dressed According To His Years

This conception has undergone a change. Men dress as old as they feel now. There is no good reason in the world why a man's years should decide the cut of his clothes.

We have clothes for young men—eighteen to sixty. These clothes are for men who realize the important part "youthful" clothes play in their lives.

Carlyle wrote a book about clothes. But it pretty well simmers down to the idea that we can make ourselves what we will by dressing and thinking the part.
